Ready for the next level?

IBM Watson IoT Platform Journey

#### Lite

The Lite service plan provides a lightweight development environment to get you started with the connectivity capabilities of Watson IoT Platform.

#### Non-Production

The Non-Production service plan is a full-featured, fully-integrated offering that enables you to explore Watson IoT Platform to see how the service can fit into your IoT environment.

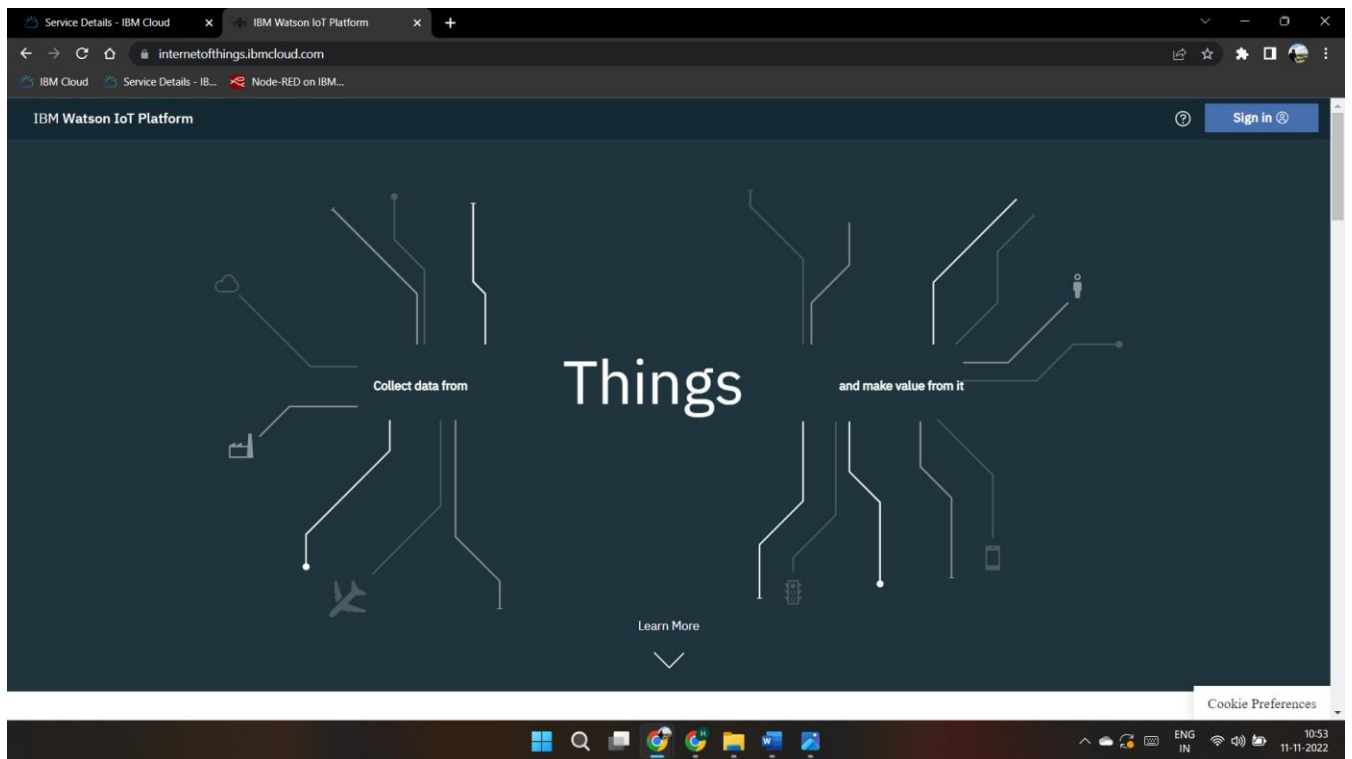

#### Production

The Production service is a fully managed SaaS offering that enables you to manage and analyze enterprise IoT data.
